

AddressBookMain.cpp

```
graph LR; A(AddressBookMain.cpp) --> B(get_choice());
```

A diagram showing a call from *AddressBookMain.cpp* to *get_choice()*. The text *AddressBookMain.cpp* is inside an oval on the left, and *get_choice()* is inside an oval on the right. A horizontal arrow points from the right side of the first oval to the left side of the second oval.

get_choice()
